

SOLUX HALOGEN BULB

Solux is a low voltage MR-16 that emits a true beam of daylight without UV and IR. It's patented, it's available now and the best part is you can have that true, crisp, clear, brilliant color appearance anytime, anywhere you want. Available in three color temperatures: 3500K, 4100K, & 4700K. Also available in four beam spreads: narrow spot, spot, narrow flood, & flood.

Seeing Is Believing

Solux

Standard MR16

Item No.	Description	Price	
SLB-50/35/10	50 watts, narrow spot - 10 degree	3500K	\$9.95 ea.
SLB-50/41/10	50 watts, narrow spot - 10 degree	4100K	\$9.95 ea.
SLB-50/47/10	50 watts, narrow spot - 10 degree	4700K	\$9.95 ea.
SLB-50/35/17	50 watts, spot - 17 degree	3500K	\$9.95 ea.
SLB-50/41/17	50 watts, spot - 17 degree	4100K	\$9.95 ea.
SLB-50/47/17	50 watts, spot - 17 degree	4700K	\$9.95 ea.
SLB-50/35/24	50 watts, narrow flood - 24 degree	3500K	\$9.95 ea.
SLB-50/41/24	50 watts, narrow flood - 24 degree	4100K	\$9.95 ea.
SLB-50/47/24	50 watts, narrow flood - 24 degree	4700K	\$9.95 ea.
SLB-50/35/36	50 watts, flood - 36 degree	3500K	\$9.95 ea.
SLB-50/41/36	50 watts, flood - 36 degree	4100K	\$9.95 ea.
SLB-50/47/36	50 watts, flood - 36 degree	4700K	\$9.95 ea.

SOLUX RETRO SYSTEM

The Retro system is a great way to allow a line voltage recessed fixture to use a low voltage Solux bulb. Within the Retro system's extendable body is a 12 volt transformer that connects to a standard "screw-in" socket. The wide range of tilt and rotation offered by the Retro system makes it perfect for lighting art that is displayed on walls. Available in black or white. *Note: white fixtures may discolor from heat over time.

Item No.	Description	Price
SLB-RSB	12 volt black	\$75.00 ea.
SLB-RSW	12 volt white	\$75.00 ea.

FROSTED HALOGEN BULB

The new FROST-PAR bulb is the first light bulb exclusively designed with art galleries and museums in mind. It makes artwork look better to sell better. The FROST-PAR, which lasts twice as long as standard bulbs, brings out the colors in paintings and creates a pleasant overall ambience for the gallery. It may also be able to reduce the need for some of the track heads and bulbs.

Item No.	Description	Price
G-3540NDL	75 watts, 5000 hours frosted halogen, PAR 38	\$12.00 ea.
G-3560NDL	90 watts, 5000 hours frosted halogen, PAR 38	\$12.00 ea.
